

Because of the difficulty in keeping current on all state regulations, it is Daisy Outdoor Products' policy to ship directly only to those persons who are 21 years of age or older and to require that the buyer certify that it is legal for him or her to purchase and possess an air gun, CO2 gun or slingshot by signing and returning our affidavit.

An affidavit verifying the purchaser's age must be on file with the Rogers Daisy Air Gun Museum before shipment of any orders for air guns or slingshots will be made. Orders for which an affidavit is not received within 10 days of placing the order will automatically be cancelled.

If you have not previously submitted an affidavit, we ask that print this page and mail, or email the signed form below. **If you email this form, it MUST include a scanned image of your signature to be accepted.**

State: _____

State statutes and/or local ordinances prohibit the sale and possession of air guns, CO2 guns and slingshots in some areas. We are unable to ship airguns into Chicago, Morton Grove, Buffalo, Philadelphia, Bronx, Brooklyn, Long Island City, Manhattan, Queens, New York City, Staten Island and New Jersey. We can only ship BB guns (no pellet guns) to residents of Michigan. We can only ship BB guns (no pellet guns) with a maximum velocity less than 700 feet per second to residents of Illinois. State laws prohibit us from shipping or selling slingshots to residents of Illinois, New Jersey, Connecticut, Delaware, New York, New Mexico and Washington, D.C. Illinois: State law allows the sale of any airgun with a caliber of .177 (includes BB and pellet) regardless of velocity. Any air gun shooting a caliber over .180 cannot shoot at a velocity over 700 fps. However, we cannot ship to residents of Cook County and cities of Chicago, Morton Grove, Wilmette and Aurora.
